Weight TBD, Capacity TBD

Cheviot Products' solid surface bathtubs are hand-formed, using the latest generation of composite resin materials. Warm to the touch and possessing superior insulation properties, these bathtubs are ideal for those who prefer a long, hot soak. Inherently harder and stronger than acrylic, solid surface bathtubs are also impervious to creaking and flexing. Polished by hand to a glossy sheen, the material is stain resistant and easy to clean and maintain.
